

2024 CAREGIVER OF THE YEAR AWARD

FINALIST

**Lynn
Anderson**

**JFS Care
Los Angeles, CA**

Lynn has a unique skill set to help the client feel “whole” and not “less than” – and always with a smile on her face! Her agency and the families of the clients she serves nominated her for this award because of her ability to not only provide the needed personal care support to her clients, but also the spectacular way she connects with all involved family members and supports to balance the needs of the whole person and family. Lynn is curious and is always interested in learning more about the clients and things she can do to enhance their quality of life – from taking lessons to prepare specialized holiday foods to learning Yiddish terms to help a client feel most comfortable! When she arrives, her clients light up! From a client’s family: “Lynn is an excellent companion to both of my parents, and is very curious and interested about their lives. The entire family is very fond of her, and we all consider her to be an adjunct family member. My parents trust her completely. Having Lynn on the job has alleviated some long-standing family tensions, and this has provided us all with great peace of mind.”
