

2024 CAREGIVER OF THE YEAR AWARD

FINALIST

**Michael
Shores**

**Family Resource
Home Care
Tigard, OR**

Michael goes above and beyond for his clients. At one point, there was no one to cover weekends with one of his clients, so Michael was working 80 hours a week just to ensure the client had his needs met. Michael makes sure his training progresses as the clients' needs progress. He is always diligent in his work, even making sure he was available when his client was discharged from the hospital so he could make sure he was comfortable at home. Michael gives peace of mind, allowing the family to do the daily tasks they need to do without worrying about their loved one and if he is going to be in good hands. As a show of his commitment to caregiving, Michael once cancelled a dinner date last minute to cover a shift for a caregiver who was sick – and proceeded to stay for 12 hours with the client until another caregiver could take over.
