

Get vaccinated.

Get rewarded.

Help end COVID-19.

## Worker Instructions

Thank you for participating in the HRSA Grant Rewards Program! Please follow these instructions to earn your rewards.

1. Click on the link or QR code provided by your agency. You must register through your agency.
2. Complete the registration form and questions. *(Note: you do not have to answer any survey question that you feel uncomfortable answering!)* The answers to your survey questions will be sent to HRSA for statistical purposes only, WITHOUT your identifying information.
3. When you complete the registration, you will be issued a unique link and QR code of your own. PLEASE PRINT OUT THE CODE AND LINK. You will use them to pass out to your patients, clients, family, and friends, so they can register and get vaccinated, and so you and they will get paid! We will also email you a copy of your QR code and link.
4. Your agency may also provide you with additional materials you can distribute, such as door hangers and flyers. Write your name and link in the blank space on the door hanger and leave it on doors you pass by. You may get a reward when a neighbor of your patient/client gets a shot!
5. Distribute your unique QR code and your link to your patients/clients so they can register and receive their rewards. They may need your help to take them through the registration process.
6. Your patients/clients, your family members, friends, and anyone who is not yet vaccinated can register through your link or QR code. You will receive a reward for each shot they get.
7. Explain to them that their reward, just like yours, comes after a shot is validated. Validation happens when a registered person logs in to the same account where they registered and records the details of each vaccination shot, following these steps:
  - a. Upload a picture of their vaccination card. This can be either a cell phone photo or a scan.
  - b. Enter the vaccination type (e.g., Moderna™, Pfizer™, Johnson & Johnson™).
  - c. Enter the date of the vaccination.
  - d. Enter the location of the vaccination (e.g., Walgreens™).
  - e. **Optional:** After verifying their vaccination, your registered person will be invited to record a short video (up to 30 seconds) to convey their story or feelings about their new ability to check off all the things they can do now!
  - f. In the case of a two-shot vaccine, they will repeat these steps for their second shot. You and they will receive a second reward.

Reward funding is through HRSA and is limited by the terms of the Grant. Rewards will be distributed until end of Grant agreement with NMHA, or when all grant funding has been distributed, whichever comes first. This project is supported by the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) as part of an award totaling \$11.1 million. The contents are those of the author(s) and do not necessarily represent the official views of, nor an endorsement, by HRSA, HHS, or the U.S. Government.
